

# Code of Conduct

It is our desire at Mosaic Academy to assist students and parents in creating a successful learning environment both at school and at home. To facilitate this goal we understand there are two very basic character qualities that that will guide our conduct and our approach to discipline and re-direction in our classes. These principles are kindness and respect. We find that the majority of our choices good or bad can be traced back to these two areas. These rules of conduct and their consequences apply to all enrolled students while on school property or at a school function.

**We ask students and parents to read and discuss the following statements and sign to indicate agreement:**

As a student of Mosaic Academy, I agree to be kind and respectful toward the teachers and students I am in contact with each day. I will follow the instructions of my teachers while at school. I will treat all of the students at Mosaic Academy with kindness and respect.

When I disagree with another student or teacher, I will work hard to make peace and reach a compromise or agreement. It is my goal to do all that I can to be at peace with those around me and I will work hard to be forgiving toward others.

Mosaic Academy does not tolerate bullying in any form.

Any act of physical aggression toward a teacher or fellow student will result my immediate removal from the classroom and may result in my being sent home for the remainder of the day. School principal will determine appropriate consequence for physical aggression and discuss said consequence with my parents.

All teachers have a plan for class management, discipline and re-direction that is unique to their classroom and group of students. Acts of aggression, bullying or consistent class disruption will result in student being sent to the office. Parents receive notification of any significant behavior incident.

**I have read and understand the Code of Conduct for Mosaic Academy.**
